

Aldergrove Lake Regional Park South-East Corner

Marsh Restoration Concept 1 Oct 29, 2012

Site preparation activities will begin as the field becomes accessible to machinery. At the earliest, site preparation will begin in June 2013.

Steps:

1. Site preparation (RCG control / tilling): June – July 2013
2. Excavation and Construction: August – September 2013
3. Seeding and fall planting: October 2013
4. Re-seeding and spring planting: March 2014.
