

Native Plant Sale Fundraiser – Plant Sorting Volunteer

On **Wednesday, May 8th**, we need help organizing our native plant sale orders! This involves unloading, identifying, sorting, and moving plants around.

This is a great opportunity to learn native plant identification skills!

Why It's Helpful

- Our Native Plant Sale is a very popular fundraiser. We need to prepare and organize all the orders so they are ready for a busy pick-up day. Your volunteer work will help us ensure that our Native Plant Sale runs smoothly!

Responsibilities

- Be prepared to spend the day moving and labelling plants. There will be lots of bending and lifting up to 20 lbs.
- Work with a fun team to sort hundreds of plants into order groupings.
- Attention to detail is essential to ensure that all orders contain the correct plants.
- Please, **bring your own lunch and a refillable water bottle** (fresh drinking water is available).

Training/Equipment

- All training, including plant identification, will be provided on the day.
- Gardening gloves will be provided, but feel free to bring your own.

Safety

- Dress appropriately for the weather as **we will be outside**.
- Sturdy footwear is strongly recommended.

Setting and Location

- West Abbotsford. The exact location will be provided upon registration.
- We will be outdoors under a covered area.
- There is a port-a-potty available on site.

Commitment

- Wednesday, May 8th, 2024.
- 8:30 AM – 3:00 PM.
- Rain or shine!

If you have any questions, please contact Jon Blais at jon@fraservalleyconservancy.ca
